CUSTER STATE PARK

Virtual Geocache

Adventure 2017

Name

Address

LET YOURSELF RUN WILD!

WAYPOINTS.....

Custer State Park offers a Virtual Geocache Adventure each year.

No physical caches are hidden--instead, nature provides the answer! Six waypoints will guide participants to a natural or historic landmark, an interpretive sign, a scenic area or overlook to find the answer to a variety of questions!

Please Note: Many waypoints can be driven to by car; however, there are some waypoints that require up to 1/2 mile of hiking.

1.

N 43° 46.388'

W 103° 31.006'

What should you do if you see a turtle crossing the road?

2.
