

ATTENTION WINTER TRAIL USERS

1. **All Users:** Part of the roads and trail system are being groomed for cross country skiing. If you are not skiing please stay to the edge of the groomed trails to minimize damage to the groomed trails.

2. **Cross Country Skiers:** Most of the groomed ski trails have two-way traffic which means you will encounter skiers coming and going on the trails so please use caution and **STAY TO THE LEFT ON ALL TWO-WAY TRAILS**. Below is map showing the direction to ski on the two-way trails.
